

AQUACULTURE

Cintoflex E

Popular with fish hatcheries, Cintoflex series nets can be used as dividers in tanks as filters, or over ponds for fish protection. A wide assortment of rolls and widths are available to meet a variety of application needs.

Cintoflex M

Oyster Bags

Tenax square mesh oyster bags are available in two sizes to accommodate growing oysters. The larger (16mm) mesh promotes good water flow and optimizes growth.

Plurima

Plurima barrier is widely accepted in the shellfish industry. This bright orange, lightweight, extruded net provides protection from predators while holding small shells in place.

Ramada

This rigid small mesh netting is perfect for building cages, traps, pens, etc. Made of high density polyethylene plastic, Ramada is easy to cut but won't cut you.

R-9

Protect your clam beds from predators with R-9 clam netting. R-9 can easily be staked in place and then rolled up for clam harvesting.

Marine Nets

Non-toxic durable mesh that won't rust, rot, or corrode. Can be used as dividers in tanks or over ponds for fish protection.
